Cambridge English Entry Level Certificate in ESOL
International (key)

Tamil

Telugu

📁 PROJECTS

Hotel Booking, Full stack App (MERN) 🔗

- Users can Register and Login.
- Users can book room according to their need by choosing any stays

Quiz, Full Stack App 🔗

- Questions and answers are retrieved from the database.
- Users can modify answers before submitting the quiz.
- The result section displays the scoreboard.

Path Finder 🔗

- This Python script demonstrates a pathfinding visualization using the Pygame library.
- The program allows the user to create barriers, set the start and end points, and find the shortest path between them using the A* search algorithm.

Virtual Keyboard 🔗

- This Python script uses OpenCV for computer vision, Pygame for a virtual keyboard, and pynput to simulate keystrokes.
- User control the virtual keyboard with hand gestures via your webcam.

Simple Chat 🔗

- Users can enter the same room id to chat with others .
- Developed using React and socket.io

Typing Test 🔗

- This app measures the user's typing speed and displays both Words Per Minute (WPM) and accuracy.

Parking App 🔗

- Developed using PHP and MySQL, this application comprises Admin and User pages.
- The admin stores vehicle info, while users can pay within a day to evade fines and queues.
